## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 3/14/2005 has been entered.

### ***Priority***

2. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

3. Claims 1-13 are allowed.

4. The following is an examiner's statement of reasons for allowance:

The present invention provides a new scanning optical apparatus which can make the image state of the stray light of unnecessary diffracted light created by a diffracting surface into a fuzzy state on a surface to be scanned to thereby prevent the deterioration of an image caused by the stray light and obtain a clear and sharp-cut image (specification, pages 7, line 23 – page 8, line 3).

In particular, the prior art, taken either singly or in combination, does not

Art Unit: 2624

teach:

- wherein of diffracted lights diffracted by said diffracting surface, relative to the diffracted light of an order used to form a spot on said surface to be scanned, the width of the expanse of one of unnecessary diffracted lights of the other orders undergoing surface-reflection by a refracting surface of said imaging means upon incidence on said surface to be scanned is designed to be wider in the sub-scanning direction than in the main scanning direction (see independent claim 1);

- wherein the following conditional expressions are satisfied:  $\Phi_s / \Phi_m > L_o / L_m$ ,  
 $\Phi_s > \Phi_m$  (see independent claims 10 and 12).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
